## Who are we?

Regional Development Australia (RDA) is a national network of committees made up of local leaders who work with all levels of government, business and community groups to support the economic development of their regions.

In Victoria, RDA is a partnership between the Australian and Victorian Governments. There are six RDA Committees in Victoria.

## What do we do?

RDA members work to actively grow strong and confident economies in their regions that harness their competitive advantages, seize on economic opportunity and attract investment.
